Capital Stock and Shares

§ 4 Capital stock

- (1) The capital stock totals € 107,877,738.00 (in words: one hundred and seven million, eight hundred and seventy-seven thousand and seven hundred thirty-eight euros).
- (2) The capital stock is divided into 107,877,738 (in words: one hundred and seven million, eight hundred and seventy-seven thousand and seven hundred thirty-eight) no-par value ordinary shares.
- (3) In case of a capital increase, the profit share entitlement of new shares may be determined in deviation from section 60 of the German Stock Corporation Act (AktG).
- (4) The capital stock is conditionally increased by up to € 1,441,335.00 (in words: one million, four hundred and forty-one thousand and three hundred thirty-five euros), across 1,441,335 (in words: one million, four hundred forty-one thousand and three hundred thirty-five) no-par value bearer shares. The conditional capital increase will only be conducted insofar as the holders of convertible bonds which were issued by the company by virtue of the Executive Board's authorisation under an Annual General Meeting resolution dated 28th May 2002 exercise their conversion rights. Shares issued as a result of the conversion rights being exercised entitle their holders to receive dividend payments for the first time for the business year in which they are issued.
- (5) The Executive Board is authorised to increase the capital stock of the company on or before 19th May 2015 with the approval of the Supervisory Board by way of a one-off issue or multiple issues of new no-par value bearer shares against cash or non-cash contributions by up to a total of € 22,000,000 (authorised capital).

With respect to share issues against non-cash contributions, the Executive Board is authorised to exclude the subscription rights of shareholders with the approval of the Supervisory Board. If the capital stock is increased against cash contributions, shareholders must be granted subscription rights. The Executive Board is authorised, however, with the approval of the Supervisory Board, to exclude the subscription rights of shareholders if the amount in which shares are issued does not, at the time the Executive Board finally determines the amount in which shares are issued, significantly fall short of the stock market price of company shares carrying the same rights. This authorisation, however, only applies on the understanding that the shares issued subject to the exclusion of subscription rights in accordance with section 186 (3) sentence 4 of the German Stock Corporation Act (AktG) must not exceed a total of 10% of the capital stock either at the time this authorisation comes into force or at the time this authorisation is acted upon. The following shares must be taken into account when calculating the limit of 10% of the capital stock:

- shares which are (to be) issued to service bonds with conversion or option rights attached insofar as the bonds are or were issued by virtue of an authorisation in force during the this term of the authorisation by analogous application of section 186 (3) sentence 4 of the German Stock Corporation Act (AktG) subject to the exclusion of subscription rights;
- shares which are sold as own shares by virtue of an authorisation in force at the time this authorisation comes into effect or superseding this authorisation in accordance with section 71 (1) no. 8 of the German Stock Corporation Act (AktG) in conjunction with section 186 (3) sentence 4 of the same Act subject to the exclusion of subscription rights of the shareholders.

Furthermore, the Executive Board is authorised, with the approval of the Supervisory Board, to exclude residual amounts from the subscription rights of the shareholders.

The Executive Board is also authorised, with the approval of the Supervisory Board, to stipulate the further scope of share rights and the conditions of the share issue.

- (6) The Supervisory Board is authorised to amend the wording of article 4 paragraphs (1) and (2) of the articles of association in line with the scope of the respective capital increase pursuant to paragraphs (4) and (5).

§ 5 Shares

- (1) The shares in the company are bearer shares.
- (2) The Executive Board determines the form and content of the share certificates as well as the dividend and renewal certificates with the approval of the Supervisory Board.

§ 7 Company representation

- (1) The company is represented by two Executive Board members jointly or by one Executive Board member together with a holder of a statutory power of attorney under German law (*Prokura*).
- (2) The Supervisory Board may grant individual Executive Board members power of sole representation. The Supervisory Board may release Executive Board members from the ban on conducting legal transactions in the name of the company with himself/herself as representative of a third party.

SECTION IV

The Supervisory Board

§ 8 Composition, term of office

- (1) The Supervisory Board comprises six members, four of whom are appointed by the Annual General Meeting as stipulated in the German Stock Corporation Act and two of whom are appointed by the employees as stipulated in the German Works Council Constitution Act of 1952.
- (2) The maximum term for which the Supervisory Board members are appointed terminates at the end of the Annual General Meeting that votes on the discharge for the fourth business year after the beginning of the term of office; this term does not include the business year in which the term of office commences.
- (3) A substitute member may be appointed for each Supervisory Board member. If a substitute member succeeds to the member who leaves the Supervisory Board, his/her term of office terminates at the end of the Annual General Meeting at which an additional election is held pursuant to paragraph (4), but no later than upon expiry of the term of office of the original member who has left the Supervisory Board.
- (4) An additional election is held to appoint a substitute member for the leaving member's remaining term of office.

- (2) Should the chairman or the vice chairman resign from his office prior to the end of the term stipulated, the Supervisory Board must, without delay, appoint new members to replace the leaving chairman or vice chairman for the remaining term of office.

§11 Convening meetings and adopting resolutions

- (1) Supervisory Board meetings will be convened by the chairman or, in his absence, by the vice chairman, stating the location, date and time of the meeting as well as the individual agenda items. The invitation is to be made two weeks prior to the date and may be issued in writing, orally, by telephone, fax or telegram. The period of notice for convening a meeting may be shortened in urgent cases. The passing of a resolution concerning an item on the agenda that was not included in the invitation is permissible only if no objections are raised to the resolution by any of the Supervisory Board members.
- (2) Supervisory Board resolutions are passed at meetings. The chairman of the Supervisory Board may direct that resolutions may also be passed in writing, by fax, telegram or by telephone.
- (3) Supervisory Board meetings will be convened and chaired by the chairman or, in his absence, by the vice chairman (deputy).

A member is also deemed to participate in the passing of a resolution if he/she abstains from voting. Absent Supervisory Board members may participate in Supervisory Board votes by casting votes in writing through other Supervisory Board members as proxies.
- (6) Supervisory Board resolutions require a majority of the votes cast. In the case of a tie, the chairman of the meeting has the casting vote. The sequence of the items to be discussed and the voting method will be determined by the chairman of the meeting. These determinations apply accordingly to any written, telegraphic, fax or telephone votes.
- (7) Minutes are to be taken on the Supervisory Board meetings which must be signed by the chairman of the meeting. The chairman of the Supervisory Board must sign the minutes concerning resolutions passed in writing, by telegram, fax or telephone. The minutes must be sent to all Supervisory Board members.
- (8) The chairman of the Supervisory Board is authorised to submit and accept in the name of the Supervisory Board all declarations required to implement Supervisory Board resolutions. In his absence, this authority will pass to the vice chairman (deputy).

§ 12 Remuneration

- (1) Each member of the Supervisory Board receives a fixed remuneration of € 40,000 p.a., which is payable at the end of the business year, in addition to being reimbursed for his/her expenses and to being refunded a possible value-added tax liability incurred on his/her remuneration as Supervisory Board member.
- (2) The chairman of the Supervisory Board receives twice and the vice chairman (deputy) 1.5 times the basic remuneration pursuant to paragraph (1).
- (3) In addition, a special remuneration is granted for services performed on a committee formed within the company, but only in accordance with the provisions set forth below. If the company has formed an audit committee, a special remuneration in the amount of € 25,000 will be granted for services performed on such audit committee. If the company has formed a personnel committee, a special remuneration in the amount of € 15,000 will be granted for services performed on such personnel committee. The day on which the Annual General Meeting is held and the day on which it is convened are not to be included in the calculation of the notice period.

§ 15 Entitlement to participate

The chairman may reasonably limit the time allowed for shareholders to exercise their right to ask questions and to speak at the meeting; in particular, at the beginning or in the course of the Annual General Meeting, the chairman may set a reasonable time frame for the Annual General Meeting, the discussion of the various agenda items and for shareholders asking questions and speaking at the meeting.
