Wiesloch, 19th November 2015 – Elke Strathmann has been appointed to the Supervisory Board of MLP's largest subsidiary, MLP Finanzdienstleistungen AG. During the course of her career, the internationally experienced human resources expert held various board-level and senior management positions, particularly at companies within the consumer goods and the healthcare industry as well as, most recently, within the automotive supply industry. - FERI AG: The investment company for institutional investors and high net-worth individuals
- DOMCURA AG: The underwriting agency, focussing on private and commercial non-life insurance

The views of our clients represent the starting point in each of these fields. Building on this, we then present our clients with suitable options in a comprehensible way so that they can make the right financial decisions themselves. For the implementation, we examine the offers of all relevant product providers in the market. Our product ratings are based on scientifically substantiated market and product analyses. Manfred Lautenschläger and Eicke Marschollek founded MLP in 1971. Just under 2,000 client consultants and around 1,800 employees work at MLP.
