Wiesloch, March 28, 2018 – Following publication of the operating results at the end of February, MLP today presented its financial statements for 2017. Like in the previous years, MLP has once again chosen to publish the Annual Report as an online-only version which is available at [www.mlp-annual-report.com](http://www.mlp-annual-report.com). Among other things, this allows targeted information to be called up and added to a basket. Furthermore the report automatically adapts to the respective terminal device of the user.

### About MLP:

The MLP Group is the partner for all financial matters – for private clients, as well as companies and institutional investors. With our four brands, each of which enjoys a leading position in their respective markets, we offer a broad range of services:

- MLP: The dialogue partner for all financial matters
- FERl: The investment expert for institutional investors and high net-worth individuals
- DOMCURA: The underwriting agency focusing on private and commercial non-life insurance products
- TPC: The specialist in occupational pension provision management for companies

The views and expectations of our clients always represent the starting point in each of these fields. Building on this, we then present our clients with suitable options in a comprehensible way so that they can make the right financial decisions themselves. In advising and supporting our clients, we examine the offers of all relevant product providers in the market. Our product ratings are based on scientifically substantiated market and product analyses. Manfred Lautenschläger and Eicke Marschollek founded MLP in 1971. Around 1,900 self-employed client consultants and just under 1,700 employees work at MLP.
