About MLP:

The MLP Group is the partner for all financial matters – for private clients, as well as companies and institutional investors. With our five brands, each of which enjoys a leading position in their respective markets, we offer a broad range of services:

- MLP: The dialogue partner for all financial matters
- FERl: The investment expert for institutional investors and high net-worth individuals
- DOMCURA: The underwriting agency focusing on private and commercial non-life insurance products
- TPC: The specialist in occupational pension management for companies
- DEUTSCHLAND.Immobilien: Market place for investment properties

The views and expectations of our clients always represent the starting point in each of these fields. Building on this, we then present our clients with suitable options in a comprehensible way, so that they can make the right financial decisions themselves. In advising and supporting our clients, we examine the offers of all relevant product providers in the market. Our product ratings are based on scientifically substantiated market and product analyses. Manfred Lautenschläger and Eicke Marschollek founded MLP in 1971. Just under 2,000 client consultants and some 1,800 employees work at MLP.
