

## MLP publishes Annual Report and Sustainability Report 2020

Wiesloch, March 25, 2021 - MLP today presented its Annual Report for the financial year 2020, confirming the business figures published at the end of February. As in previous years, the Annual Report is available as an online-only version at [www.mlp-annual-report.com](http://www.mlp-annual-report.com).

Furthermore MLP today published its Sustainability Report for the financial year 2020. This report has recently been significantly further developed, especially with regard to the data collection of emissions caused within the MLP Group. It now includes, for example, more detailed disclosures on key subsidiaries of the MLP Group and further factors such as data centres or branch offices. MLP will compensate for the emissions recorded in the previous year through certified, international climate protection projects. The Sustainability Report can be viewed at <https://mlp-se.com/sustainability/>.

The Annual General Meeting will be convened on June 24, 2021 and will be held online due to the Corona pandemic.

The views and expectations of our clients always represent the starting point in each of these fields. Building on this, we then present our clients with suitable options in a comprehensible way, so that they can make the right financial decisions themselves. For the implementation we examine the offers of all relevant product providers in the market. Our product ratings are based on scientifically substantiated market and product analyses. Manfred Lautenschläger and Eicke Marscholke founded MLP in 1971. More than 2,000 self-employed client consultants and around 1,800 employees work at MLP.
