MLP SE publishes Annual Reports 2025 and Sustainability Report 2025

Wiesloch – The Annual Reports of the MLP Group and MLP SE for the financial year 2025 presented today contain detailed information on the final figures of the financial year 2025. The MLP Group had already published preliminary figures in mid-March, which now are confirmed. The Annual Reports are available at the website <https://mlp-se.com/investors/financial-publications/reports/reports-2025/>.

MLP also published its Sustainability Report for the financial year 2025 today. Once again, the reporting was conducted voluntarily in accordance with the European Sustainability Reporting Standards (ESRS). It can be accessed at <http://www.mlp-se.com/sustainability>. Sustainability remains firmly embedded at MLP – a fact underscored by the recently adopted Sustainability Strategy 2025⁺. This strategy specifies the targeted objectives and strengthens transparency and accountability across all key sustainability topics within the MLP Group, both at the corporate level and in the core business of financial consulting. Among other elements, the comprehensive training and continuing education provided by the MLP Corporate University, as well as the established partner and product selection process that also incorporates sustainability aspects, form the foundation for the high consulting quality.

The Annual General Meeting is convened for June 25, 2026.
