Extensive statutory changes . . .

Regulatory requirements

. . . lead to radical changes in the German financial industry

Major market trends for banks, insurance companies and IFAs

Increasing regulatory requirements will further change the market place dramatically:

- Further optimisation of cost structure and processes
- Consolidation
- Professionalisation
- Specialisation

MLP is already implementing the major requirements

Study by the Ministry of Consumer Protection concerning better quality in financial consulting

Major requirements:

- Stronger orientation towards customer requirements and greater transparency for customers
- Adaptation of the regulatory provisions to everyday practice
- Brokerage of investment funds only with banking license
- More comprehensive qualification
- Strengthening of fee-based consulting

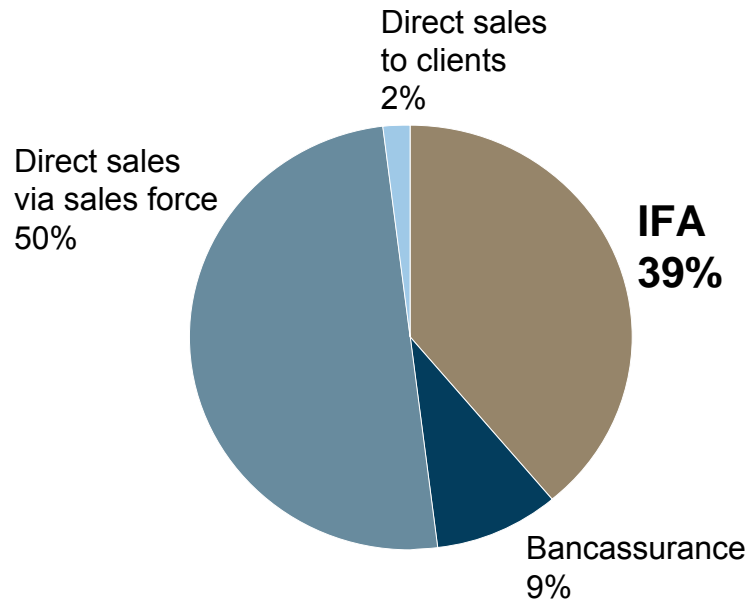

MLP situation:

- Client-oriented consulting as the core of the business model
- High degree of transparency through comprehensive documentation and detailed reporting
- MLP already possesses a German banking license
- Training standards far exceed the legal standards

Independent brokers gain significant market shares

Summary

- MLP is very well positioned in structural growth markets in Germany:
 - Old-age pension provision, health provision, wealth management
- Regulatory changes lead to market consolidation and pressure on earnings
- Capital markets and economic crisis burden revenue and earnings development
- MLP will benefit from the crisis:
 - Strong capital base and liquidity allow rapid adjustment to new market environment and external growth
 - Short-term cost savings protect bottom line

Outlook

- Market environment remained difficult in Q3 due to economic and capital market crisis
- Clients focussed on non-life segments and are still reluctant to invest in long-term old-age provision products or wealth management concepts
- Successful cost cutting measures increased profitability in Q3
- Year-end business started in October and should accelerate
- Fixed costs will decrease further in Q4 (YOY)
 - Leverage of business model fully in place in Q4
- Sales focus in H2 on higher disposal income of clients due to federal economic stimulus packages (“Bürgerentlastungsgesetz”)
- Outlook 2009 reiterated: MLP aims to outperform the market
