Earnings trend

MLP is anticipating EBIT in 2018 to remain at around the level of operating EBIT recorded in 2017 – EBIT is likely to increase significantly, as there are no special expenses scheduled for 2018

Summary

- Targets achieved in 2017 MLP is benefiting from the strategic further development of the last few years.
- Transformation of MLP to be continued in 2018. In focus: further digitalisation, further diversification of the revenue basis, as well as strengthening the university segment.
- Sales revenue and earnings increased in the first quarter providing a sound basis for the rest of the year
- Market environment remains challenging, especially in the old-age provision and health insurance areas – political uncertainties persist
- Outlook unchanged: EBIT at the level of the previous year's operating EBIT significant increase anticipated over the EBIT recorded in 2017
